

The image shows an outdoor cafe area with two round black metal tables and several matching chairs. The tables are set on a cobblestone patio. In the background, there is a white door with a green frame and a window with a black frame. A large green circular graphic is overlaid on the image, containing the text 'THE GONÇALO CHAIR'.

THE GONÇALO CHAIR

The Original of Lisbon
coffee places since 1940

The ARCALO® Gonçalo chair is more than a chair... it captures everything that is great about the Lisbon lifestyle, cafés, traditions and culture. You see it on every corner of Lisbon, in all outside spaces, on coffee terraces, around the famous kiosks on the squares, or at the famous 'miradouro' viewpoints.

It is so famous that it has been copied a lot recently, but only Arcalo does produce the original design and the factory still works with the same tube-bending machines that shaped the first such chairs back in the 1940th.

Today the Gonçalo chair has been granted a place in Lisbon's Museum of Design and Fashion (MUDE), a symbol of Portuguese culture.

What makes this chair match so well with Lisbon?

Its simplicity, authenticity and elegance.

The chair is made out of only 2 interconnected tubes and it offers that inviting comfort that made you take all these cafés and "galão" (famous milk coffee) when you visited Lisbon.

Sitting in the chair will help you remember this Lisbon flair.

Not only Lisbon lovers, but also architects, designers, retailers, snack bars, cafés, bars, hotels and restaurants:

Everybody falls in love with the ARCALO® chairs!

Because of its original design and elegant round shapes,

its wide and trendy colours, as well as its practical

(stackable, easy to clean) and durable

(anti-corrosion treatments and UV-resistant) aspects.

100% MADE IN PORTUGAL

ARCALO®

SOME REFERENCES The iconic chair, which dates back to the 40's, has now found its home in places as far afield as at the EXPO 98 outdoor esplanade, Café Brasileira in the Lisbon Chiado, the terraces of the Centro Cultural de Belém (CCB Lisbon), the Lisbon kiosks, the Lisbon Museum of Design and Fashion (MUDE), the bakery Eric Kayser terrace (Lisbon), Lisbonne Collection (prestigious property rentals), Casa da música (Porto), the terrace of the Opera in Paris, Oh Julia Restaurant in Mannheim (Germany), Roberto Murgia architect (Milano)...

STEEL QUALITY

For Indoor or outdoor use
Anti-corrosion protection
UV resistant finishing

The chairs come with a sophisticated anti-corrosion treatment that makes them outdoor proof... However, we recommend keeping the chairs sheltered in the warmth when it's cold and rainy outside.

STAINLESS STEEL QUALITY

Made for all year outdoor use
Zero corrosion
UV resistant finishing
Full weather protection

We recommend the stainless version for professional use, perfect for restaurant & café terraces, patios, beer garden, snack bars, Hotels and catering industry...
